ST. MARYS, ON  
N4X 1B7

The reason we chose Cleanworks as our cleaning company was their excellent presentation and portfolio provided to us when we were looking for a cleaning company. Everything was explained thoroughly and there were no hidden costs involved.

Becky and Brian are amazing. Not only at their job but their personalities too. They were always a phone call or email away if I had any questions and always stopped by to make sure everything was ok on our end.

Our company had to change cleaning companies due to the building we are located in and it was hard saying goodbye to them.

I would not hesitate to recommend Cleanworks to any company looking for a cleaning service. Being in the healthcare industry there were high expectations on our end that were easily met.

Kimberly Lang  
Executive Director
